Swim Lesson Information

Goal of Nevada City Swim Lessons

The goal of our swim lessons is to teach children how to be safe in and around water, therefore safety lessons are taught each day along with swimming skills. Children who know how to swim & understand the dangers of water are less likely to become a drowning victim. Instructors strive to build on skills each day to improve the swimmers movement, breathing and strength. As students increase skills, they will be taught competition strokes and turns.

Swim Lesson Sessions 1 - 4 take place Monday-Thursday* for 2 weeks and each lesson is 1/2 hour. Dates and times are included in the chart on page 4.

*Due to the 4th of July, Session 2 will run Mon, Wed-Fri the first week and Mon-Thurs the second week.

Mini Session

The mini session is a training session for our new employees. This session will only run for one (1) week, Monday - Thursday and lessons will be 1/2 hour.

Fee: \$23 + 5.95% registration fee = \$24.37

Level A - Parent/Toddler (1-2 yrs)

Level A introduces basic skills that lay a foundation to help toddlers learn to swim. The focus is on helping the child feel comfortable in the water, explore submerging & buoyancy. **Please note:** Swim diapers are required for all children who are not potty trained. **Fee: \$62 + 5.95% registration fee = \$65.69**

Level B - Parent/Toddler (3-4 yrs)

Level B builds on the skills from Level A. Participants improve on these skills and learn to be more independent in the water. **Please note:** Swim diapers are required for all children who are not potty trained.

Fee: \$62 + 5.95% registration fee = \$65.69

Guppy's & Otters (4-9 yrs)

The children registered for these classes will be assessed on the first day of lessons and placed into a class of other children who swim similar to them. The children registered for these classes will range from those who are not putting their head under the water yet (Guppy's) to those who can swim across the pool one time (Otters). **Fee: \$62 + 5.95% registration fee = \$65.69**

Dolphins (9+ yrs)

Swimmers in the Dolphin classes should be able to swim across the pool and return. They are able to swim well and pass our swim test to go in the deep end, but need stroke refinement or are working on endurance.

Fee: \$62 + 5.95% registration fee = \$65.69

Private Lessons

Private lessons are for adults & children. The instructor will teach according to the level of the swimmer. Up to 3 people may be in one lesson time slot, as long as they are **all at the same swim level**. Private lessons are **not** appropriate for Levels A & B.

Fees: 1 person \$128 (\$135.62) 2 people \$157 (\$166.34) 3 people \$186 (\$197.07)

Additional Swim Lesson Information

*Session 2

Due to the 4th of July holiday, Session 2 swim lessons will run Mon, Wed-Fri week one and Mon-Thurs week two.

How do I know if my child can pass the swim test, so that they can participate in an Dolphin class?

Our criteria for passing the swim test is that a child can swim from one side of the pool, to the other without stopping and without touching the bottom (they are allowed to quickly stand when they reach the wall as they are turning around). Their arms must come up out of the water and they must show some kind of breathing technique while swimming.

How do I know if my 9 year old is ready to progress to the Dolphin class?

The Dolphin classes will take place in the pool at the depth of 4-5 feet. One way to be sure your child is ready is to see if they can stand in this area. A child who is not strong enough to swim across the pool at least 2 times, can struggle because they cannot stop and stand up to take a rest. One of the things that instructors will work on at this level is endurance.

How do staff ensure that my child, in a Guppy/Otter class, will be placed with other children who are at the same swim level?

These children will be assessed and placed into groups on the first day of class. There will be enough instructors available to arrange children into a group that is appropriate for them. On occasion there is a child who is not at the same swim level as the other children registered. In this case, we will do our best to put them into a class that will work for them or work with the parents to find another time or session that will work for you.

What else is happening at the pool during my child's swim lessons?

2-4p: Private lessons during this time will be taking place during Public Swim times.

4:30-6p: There are only group and private swim lessons during this time.

10:30-11:30a & 6-6:30p: Private lessons during this time will share the pool with adult swim programs.

Summer Camps

Kidscience

There will only be one week of Kidscience this summer. Don't miss your chance to experience a fun camp with a great instructor. Mark Bradski, Camp Director, has amazing energy and exciting teaching methods. Participants will construct experiments and sensational projects to take home and enjoy.
