C. Subject: Discussion of Alternative Uses of Proposition 40 Bond Funds for Recreational Purposes Should Negotiations to Purchase Sugarloaf Property be Unsuccessful

- City Manager Albaugh stated that in December 2008 the City Council chose to delay requesting funds with hopes of using Proposition 40 funds to purchase Sugarloaf. Purpose tonight is to consider other projects for the use of Proposition 40 funds; these monies are for recreational related projects only (land, air and water conservation).

Public Comment

Laurie Oberholtzer, 310 Nevada St and representing Friends of Sugarloaf, 200 members strong - Stated that the property owner's of Sugarloaf have been offered over and over by the City to purchase Sugarloaf (mountain only, 32 acres); the owner's don't want to sell unless the City strikes a deal with them with some form of development for the rest of the property; they have set a sales price that is higher than what it's worth. The Friends of Sugarloaf have been quietly working behind the scenes for the last five years to see if a deal could be worked trying to help the City. The City will lose the Prop 40 money if they do not spend it. At this time Ms. Oberholtzer urges the City to find another project. She passed out some recommendations, stating that she suggests using these funds for a large project. Also, noted that maintenance type projects are not allowed reminded the council that there are county mitigation recreations fees that are reserved that can be combined with Prop 40 funds. Recommended projects: 1) increase the size of Pioneer Park by purchasing adjacent property (e.g. St Francis Woods parcels, property along Little Deer Creek, house in the park). Ms. Oberholtzer thanked the City Council for their support the last five years.

- Councilmember Harris indicated that the amount of the Prop 40 funds is \$379,255; some ideas presented may require further research so council does not need to make a decision tonight; She suggested some ideas of her own: Pioneer Park expansion deserves some consideration and it would be a great benefit now and to future

generations; contact the owners of the house in the park to see if there's any interest there; the Deer Creek Environs Trail Phase II that has a footbridge is a potential project that might be ready to go and suggested the City inquire with Friends of Deer Creek. Stated that these monies are special and recommends selecting a project that has a long term benefit to Nevada City.

- Vice Mayor Bergman recommended Calanan Park.
- Councilmember Coffman agreed with Calanan Park being it is the gateway to Nevada City; recommended Miner's Foundry parking expansion; agrees with the idea of augmenting Pioneer Park.
- City Attorney DeGraw stated that his experience with Prop 40 and privately owned property: If you want to do improvements to privately owned property or projects owned by someone other than the city, this would require some type of tenure of the property that assures for public use so you get a trade-off. Usually requires a side agreement approved by the state.
