Subject: To Mayor and Councilmembers: In God We Trust~America, Inc.- Newsletter - December 2010

In God We Trust ~ America, Inc.

Our Mission:

**To Promote Patriotism
By Encouraging Elected Officials to Display Our National Motto
"In God We Trust"
In Every City, County, and State Chamber in America.**

Newsletter – December, 2010

Greetings, Patriots:

The month of December is important to all Americans whether you are Jewish or Christian, whether you celebrate Hanuka or Christmas. Why? Is it because we give gifts to each other? Get gifts from each other? Is it because our stores make more profits this time of year than any other? No. It should be important because it is a time to honor God. Both those of the Jewish and Christian faiths seek to honor the God of the Bible by exercising the spirit of giving and worship. What is important to Americans is that by doing this we are showing respect to the same God, who, as George Washington tells us, gave us our independence and liberty. It is the same God who has protected us throughout our history. So, when your family is gathered together for the holidays this year, take time to remember that the God you are honoring is also the one mentioned in our national motto: "**In God We Trust!**"

PROGRESS REPORT

In God We Trust ~ America, with the addition of the city of Norco, California, (the first city in Riverside County to vote "Yes"); the County Supervisors of San Bernardino County, CA; five cities in Arkansas (Rose Bud, Horatio, Shirley: Mineral Springs; and Plumerville); two cities (Omega and Lenox) and four counties (Berrian, Turner, Tift, and Cooke), in Georgia, the total number of "Yes Votes Across America has reached **160!** To our Arkansas and Georgia State Directors, Preston Dunn and Joe Torrence – Thanks for your good work!!

Our list of cities and counties displaying **In God We Trust** is growing! Take a look at the “**Yes Votes**” attachment to this newsletter to see the growing list of patriotic cities and counties across America. Exciting and Inspiring!!

Please consider partnering with *In God We Trust ~ America, Inc.* as we prepare to expand our mission across America in 2011. Your one time donation or monthly partnership will help continue making an effective stand for Promoting Patriotism and Keeping God’s Name in America . Thanks!

SPECIAL REPORT - SAN BERNARDINO COUNTY, CA

After receiving word from reporter Joe Nelson, of the San Bernardino County Sun newspaper, that the San Bernardino County (CA) Supervisors had placed the display of “In God We Trust” on their agenda, I drove down to make a statement of support. I am thrilled that they voted unanimously to display our national motto. Realizing that other county supervisors across the country are also voting to exhibit the motto, I have changed the last line of our Mission Statement: To display “**In God We Trust**” “In Every City, County, and State Chamber in America.” To see the speech I gave in support of the national motto click on the link below and, once the video starts, move the counter to 38.0 minutes.

DONATE HERE

Finally, as always, I invite you to join *In God We Trust ~ America* , as a volunteer to help keep God’s name in America . I welcome you to call me personally. I will show you how easy it is to get started and how a small effort on your part can make a big difference for America .

I encourage you to visit the website at: <http://www.ingodwetrust-america.org>

[Click here to see my speech to the San Bernardino County Supervisors \(Once the media player has loaded go to the 38 minute mark.\)](#)

“In God We Trust”

May God Bless America and May America ’s Trust Always be in God.

City of Nevada City

Utility Services Associates
You Leak, We Seek.™

November 15, 2010

NEVADA CITY , CITY OF
Attn: GENE ALBAUGH
317 BROAD ST
NEVADA CITY, CA 95959

Dear GENE ALBAUGH:

Thank you for your interest in the Utility Services Associates, LLC (USA). As we discussed, I am sending you information regarding our leak detection services as well as a brief description of the other services we provide.

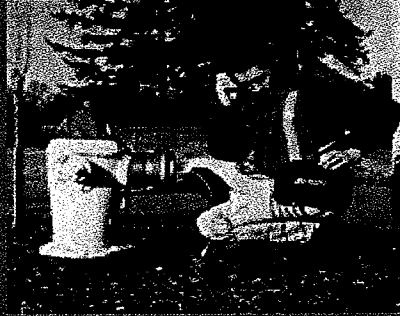

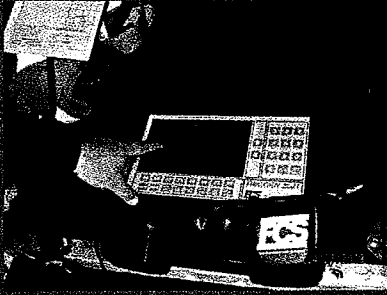

We are a service company specializing in Leak Detection. We are not affiliated with any one manufacturing company and therefore, we can use whatever equipment and procedures that are needed to meet your special needs. We are constantly upgrading to the latest technology and methods to provide the most cost-effective service available.

At USA we advocate furnishing a comprehensive leak survey of the area you designated. This will assure that even smaller leaks are found. We are proud of our record with other communities and suggest you contact at least a sampling of them to confirm our abilities. Our experienced Field Technicians provide utilities with the highest degree of professionalism in the business. Some of our office staff has been with the company since its inception.

In response to the demands of the water industry, USA has grown to better meet your needs. We have expanded our services to include; **Tanks Inspections and Cleaning, Water Audits, Corrosion Control, Thermal Imaging along with Water Leak Detection.** The information I have enclosed details our water conservation services.

For a free proposal, please complete the attached system questionnaire and return it to us. If you have questions, feel free to call our Seattle office at (877) 585-5325 or (206) 244-0370.

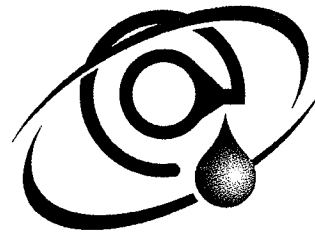

Sincerely,
Bruce Rubin

Utility Services Associates
LLC

**Providing the most comprehensive water efficiency
and asset management services**

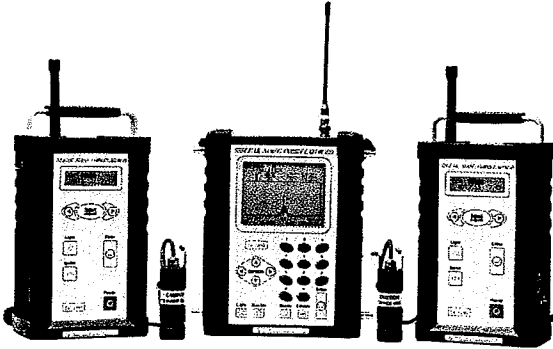

Water Leak Detection Services

USA has completed thousands of projects all over the United States and throughout the world. Projects range from as small as an emergency call-out to pinpoint a single leak to projects covering over 2,000 miles of distribution pipe.

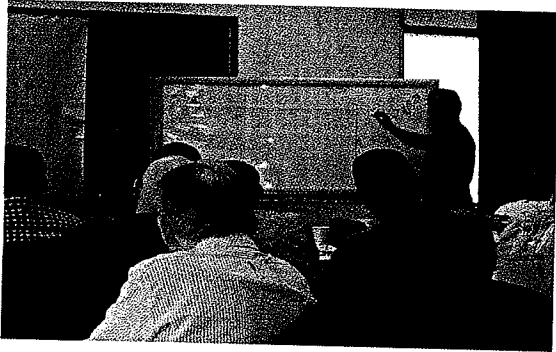

Contact USA for a free quote

USA is dedicated to being the leader in water conservation and recovery

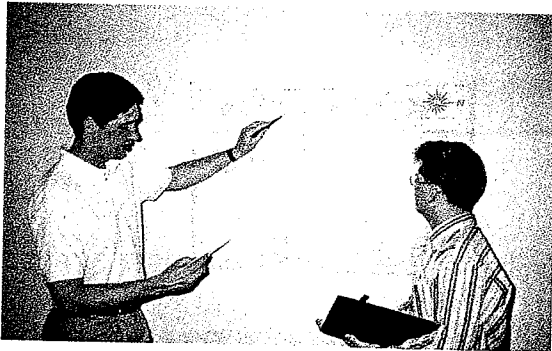

Leak Detection Equipment Sales and Service

USA is not affiliated with any one manufacturing company and therefore, we can offer whatever equipment and procedures that are needed to meet our client's special needs. We pride ourselves in being able to provide the right piece of equipment to do the job.

In-house Leak Detection Program Training

USA is proud to be able to assist communities and water purveyors in establishing their own in-house leak detection program. Stay one step ahead of water loss by repairing leaks before they surface.

Water Audits

Quality raw water samples are becoming a rare and expensive commodity. Unaccounted for water (UAW) & water losses suppress effective management, increase costs and may significantly reduce a system's capacity. USA, in conjunction with Goff Water Audits and Engineering (Goff) provide proven technical services to water suppliers so that they may identify and reduce lost water and improve system operations.

An Apology to the Cities

Over the last 19 years, we, the Board of Directors of the Nevada County Food and Toy Run, like to think that we have developed a pretty good report with the four agencies of law enforcement, as well as the three branches of local government.

Before last Saturday's Toy Run, we had nearly 100% compliance with the Mandatory Helmet Law, and had put an end to the throwing of candy from the riders to people lining the route.

This year, we were stunned to see the amount, even though it was less than 1% of the riders, who were helmet less! Worse, was the phone call from a representative of Nevada City, who called my cell phone as I was leaving the Nevada County Fairgrounds, to inform me that Broad St. in Nevada City was trashed, with candy ground into the pavement.

Four years ago, we had hand held signs, at the beginning of the Run and on Mill St., telling the riders that helmets were mandatory, that this is a Toy Run for the kids, and not a helmet protest rally. They were, also, told not to throw candy.

When the candy throwing first started, we thought it was a great idea! Something for the people along the route!

Then, I talked to Vern Taylor of the Department of public works, who told me that he went over Broad St, with the street sweeper, ten minutes after the last bike, and couldn't pick up the candy and the wrappers. It was all smashed and ground into the pavement. Next, I hear from some Grass Valley Police Officers, who said that they had seen kids get hit in the face and eyes with thrown candy. Twice, kids had dashed out to pick up some candy, and were almost hit by the oncoming bikes. Because of that, we started on the campaign to stop the candy throwing, and to make the riders aware that they had to wear helmets.

The Board of Directors has decided to make the following pro-active decisions for 2011. We will have four wooden signs, 6' X 6', set in metal legs for stability and sturdiness, painted with: Please do not throw candy. Please remember, helmets are mandatory. These will be place at the beginning of the Run as we exit the Eric Rood Center, at the top of Broad St. in Nevada City by the Methodist Church, at the intersection of the Fowler Center, and at the intersection of West Main and Mill St.

We have no idea what this will cost the Toy Run, but we want you to know, that that will be coming out of our budget, before we buy one item of food for the families! Now, was it worth it to throw candy, or not wear a helmet?

We will need someone with a truck to deliver the signs. We will probably need two people to assemble them, and one person to stay with each sign until the Run is over and the truck comes back to pick them up. Oh, then we have to store them until the following year.

When the police come out to support us, breaking the law, is a slap in the face, and dampens their enthusiasm to help us in the future.

Last, until we finish discussions with the city officials and law enforcement, and see if they are going to impose further restrictions, regulations or fees upon us, the Board of Directors of the Nevada County Food and Toy Run is suspending the 20th Annual Nevada County Food and Toy Run, which is scheduled for Saturday, December 10th.

When GM or Toyota, or any major corporation has a problem, they don't go after the individuals; they hold the Board of Directors responsible. We accept the responsibility. For Chris Heller-Vice President and Jim Medlock-CFO, I extend our apologies to the Cities of Nevada City and Grass Valley, and the Law Enforcement agencies of Nevada County.

Thom Staser, CEO and Founder
Nevada County Food and Toy Run

Seasons Greetings

2010 has been another busy year for our Victim/Witness Assistance Center. Unfortunately, we suffered staff reductions; none-the-less with your support we were able to continue to provide comprehensive services to crime victims and their families.

During this special time of Hope and Goodwill
our thoughts turn gratefully
to those who have given their support to our program.
We look forward to working together in
the new year on behalf of all who have been harmed by crime.

May this Holiday Season and the coming New Year bring you and
your loved ones joy and happiness!

Nevada County
Victim/Witness Assistance Center
