**CITY OF NEVADA CITY  
ARCHITECTURAL REVIEW GUIDELINES  
AND SUPPORTING INFORMATION**

Please read this document and provide the information that applies to your application. The City also maintains some reference material regarding historical architecture. Ask the City Planner for details.

**POLICY DECLARATION:**

The City's goal in requiring architectural review is to implement the goals of the City's General Plan by preserving the character of Nevada City architecture in terms of historical value, sit coverage and planning, volume and massing, materials, color, general design and details. Historical District work must be in strict compliance with the Mother Lode Era. Preservation of historic materials is encouraged.

The Planning Commission will review each application on its own merit and in the context of the neighborhood of the project. For example, plywood siding might be acceptable in an area of modern, similar homes, but not in a neighborhood of old Victorian homes.

Generally, Nevada City architecture is characterized by many of these design features typical of the Mother Lode Era: Steep peak roofs with pitches between 6:12 & 12:12, overhanging roofs with gable ends, covered porches and entries; multi-pane, vertical, and by windows, and use of horizontal painted rustic siding. Alterations to older homes should match existing historic materials. Vinyl siding has been declared potentially hazardous by the City's Fire Department.

**SITE PLAN AND ENVIRONMENTAL CONSIDERATIONS:**

**Provide a site plan** of the property to scale, showing any proposed tree removal, setbacks, building coverage, fencing and landscaping concepts. Attach a tree removal application form if there will be any trees removed. Show off-street parking areas.

Is the coverage and setback of the new construction compatible with surrounding houses?  Yes  No

Please explain how it is compatible \_\_\_\_\_

### CHECKLIST FOR ARCHITECTURAL REVIEW APPLICATIONS

This packet contains filing forms and instructions for completing an architectural review application. Architectural review applications apply to:

1. New Construction – inside or outside of the Historical District
2. Alterations to buildings within Historical District
3. An addition of new floor area that is greater than 25% of the existing, conditioned living area of the residence.

The Planning Commission acts as the Architectural Review Committee for all applications for architectural changes to any buildings and structures, or the removal or demolition of any structures.

Please review the following ordinances which will provide the City's goals in preserving the character of Nevada City architecture in terms of historical value, site coverage and planning, as well as volume and massing, materials, color, general design and details. These ordinances also discuss the standards of architectural review within the Historical District and the definition of "Mother Lode Era" architecture. Even though a property is outside of the Historical District, City Ordinances provide standards for architectural review "in keeping within the context of the neighborhood."

1. *Ordinance 90-01*
2. *Ordinance 92-06*
1. *Historical District Ordinance 338*
3. *Nevada City Design Guidelines*

**PROCESS:** Once a complete application has been submitted, it will be scheduled for Planning Commission review. Some applications, such as new construction or major renovations, will require distribution by the City Planner to staff such as the City Engineer, Director of Public Works, Police Chief and the Fire Chief. This can take up to two or three weeks for their review and to provide comments and any conditions. **The City Planner will then schedule the application before the Planning Commission, who meets on 3<sup>rd</sup> Thursday of each month at 1:30 p.m. at City Hall.** The applicant or their representative **MUST** be present to discuss the application at this meeting. The applicant will receive a copy of the agenda and staff report prior to the meeting. Once approval has been obtained, a building permit can be obtained from the Nevada County Building Department. The Building Department will require 2 sets of plans that include two City staff signatures (usually City Planner and City Engineer).

**Checklist** for application submittal: Please include the following items as applicable:

1. Architectural Review application, signed by owner. If signed by a representative, include a letter of authorization from the property owner(s).
2. Project Description – please submit a written description of the work proposed.
3. Filing fee of **\$200** if the construction is less than 25% of the original area of the existing home OR **\$800** for new construction, or if the construction is greater than 25%
4. Ten folded copies of Site Plan and Elevations – see attached "**Guidelines for Submitting Site Plans and Elevations**" **INCLUDING ONE 8-1/2 X 11" REDUCTION OF SITE PLAN and ONE 8-1/2 X 11" REDUCTION OF THE ELEVATIONS**
5. Ten color chips, to be distributed with Commissioner's packets
6. Photograph(s) of structure or property or of property if vacant (Using a digital camera and printing pictures on 8-1/2" x 11" paper is acceptable.)
7. All Material specifications, especially windows and siding

**NOTE: SEE FOLLOWING PAGE REGARDING BACKFLOW PREVENTION DEVICE REQUIREMENT**

**( ) 8. Backflow Prevention Device: The City requires that with the issuance of ANY building permit, a backflow prevention device shall be installed on the sewer lateral from the City sewer main to the property. Attached is information on how to comply with the ordinance. If a backflow device is not installed on the property, one will be required PRIOR to the final issuance of any building permit.**

## **HOW TO COMPLY WITH CITY ORDINANCE REQUIRING BACKFLOW PREVENTION DEVICE**

The City of Nevada City adopted Resolution 2005-12 on March 14, 2005 which requires that with the issuance of any building permit, a back-flow prevention device shall be installed on the sewer lateral from the City sewer main to the property. A back-flow prevention device is also required upon the sale of any parcel within the City (prior to the close of escrow or transfer).

The City contracts with the Nevada County Building Department for issuance of all building permits (construction, roofing, plumbing, etc.). At the time of building permit application, the building staff will ask if a backflow prevention device has been installed. If not known, the Inspector will check when inspecting the property. If one is not installed, the following process needs to be undertaken:

1. Contact City Hall Planning Department (530-265-2496 x130) to determine to if a back flow prevention permit is one file. If one is on file, a copy will be provided to applicant to give to County Building Department. If not please take the following steps:
2. Contact plumber or contractor to install a backflow device.
3. Call Nevada City Hall (530-265-2496). Ask for extension 148 (Public Works) and request an inspection, leaving the name, address and phone number to contact. An inspection will be scheduled.
4. After inspection, Public Works will complete a form for applicant to take back to the County Building Department. A copy will be retained in the City address files.

Building Permit can be issued by the County
