Swim Lessons

Class Descriptions

Level A - Parent/Toddler (1-2 yrs) Fee: \$77.00 + 6.1% registration fee = \$81.70

Level A introduces basic skills that help toddlers learn to swim. The focus is on helping the child feel comfortable in the water, explore submerging & buoyancy. **Please note:** Swim diapers are required for all children who are not potty trained.

Level B - Parent/Toddler (3-4 yrs) Fee: \$77.00 + 6.1% registration fee = \$81.70

Level B builds on the skills from Level A. Participants improve on these skills and learn to be more independent in the water. **Please note:** Swim diapers are required for all children who are not potty trained.

Guppy's (4-6 yrs - generally) Fee: \$77.00 + 6.1% registration fee = \$81.70

Guppy's typically are not completely supporting themselves in the water yet. They may be able to submerge their head, but they might also still be hesitant to do this. Guppy's may be able to swim a couple of strokes on their own, but are not showing any real form of swimming yet. Our staff will start with the basics and attempt to get Guppy's to swim 3-4 strokes in the water.

Otters (6-9 yrs) Fee: \$77.00 + 6.1% registration fee = \$81.70

Otters should be able to swim 1/2 the width of our swimming pool. Their stroke will not be fully developed, but they should be able to support themselves for that distance in the pool, either under or on top of the water. Otters are comfortable fully submerging their head in the water and are usually able to float.

Dolphins (9+ yrs) Fee: \$77.00 + 6.1% registration fee = \$81.70

Swimmers in the Dolphin classes should be able to swim across the pool and return. They are able to swim well and pass our swim test to go in the deep end, but need stroke refinement or are working on endurance.

Private Lessons

Private lessons are for adults & children. The instructor will teach according to the level of the swimmer.

Up to 3 people may be in one lesson time slot, as long as they are **all at the same swim level**. Private lessons are **NOT** appropriate for children 4 years old or younger.

Fees: 1 person \$155 (\$164.46) 2 people \$190 (\$201.59) 3 people \$225.00 (\$238.73)
(price with 6.1% registration fee applied)

Information & Frequently Asked Questions

Who are the instructors?

Swim Instructors at the Nevada City Swimming Pool are typically high school and college students who are trained by returning employees who have taught with our program in the past.

How do I know if my child can pass the swim test, so that they can participate in the Dolphin class?

Our criteria for passing the swim test is that a child can swim from one side of the pool to the other without stopping and without touching the bottom (they are allowed to quickly stand when they reach the wall as they are turning around). Their arms must come up out of the water and they must show some kind of breathing technique while swimming.

How do I know if my 9 year old is ready to progress to the Dolphin class?

The Dolphin classes will take place in the pool at the depth of 4-5 feet. One way to be sure your child is ready is to see if they can stand in this area. A child who is not strong enough to swim across the pool at least 2 times, can struggle because they cannot stop and stand up to take a rest. One of the things that instructors will work on at this level is endurance.

What else is happening at the pool during my child's swim lessons?

4:30-6:30p: There are only group and private swim lessons during this time.

10:30-11:30a & 6:30-7:30p: Private lessons during this time will share the pool with adult swim programs.
