

LAND USE APPLICATION

Please print or type in black ink

Type of application(s) for which you are applying:
Tentative Map, Use Permit, Development Permit, Administrative Dev. Permit, Boundary Line Adjustment, Ordinance Amendment, Zone Change, General Plan Amendment, Variance, Setback Easement, Certificate of Compliance, Voluntary Merger, Home Business, Temporary Commercial Permit, Management Plan
[X] Other (specify): Land Division
PROJECT DESCRIPTION: Division of one property into two parcels.

Assessor's Parcel No(s): 005-490-015

Applicant Name(s): Mr. Scott Rice

Applicant Mailing Address: Post Office Box 2541, Grass Valley, CA 95945

Telephone #: () (530) 210-0038 E-Mail: scottrice@sbcglobal.net FAX#:

Property Owners Full Names: Mr. Scott Rice

Property Owner Mailing Address: Post Office Box 2541, Grass Valley, CA 95945

Telephone #: () (530) 210-0038 E-Mail: scottrice@sbcglobal.net FAX#:

Name of Representative (if applicable): Andrew Cassano - Nevada City Engineering, Inc.

Address of Representative: 505 Coyote Street, Suite B, Nevada City, CA 95959

Andy@nevadacityengineering.com

Telephone #: () (530) 265-6911 E-Mail: FAX#: (530) 265-8058

Site address(es): 384 Railroad Avenue, Nevada City, CA Acreage(s): 0.85

Water Source: City of Nevada City Method of Sewage Disposal: City of Nevada City

I hereby acknowledge that I have read the instructions for filing this application and state under penalty of perjury that the information provided on all attached documents is correct.

Signature of () Property Owner(s) or () Authorized Representative*

[Handwritten signature]

Date: 11/5/20
Date:

*Representative may sign application if a Letter of Authorization from the owner(s) is provided.

Agent Authorization Letter

I, Scott Rice owner(s) of property
located at 384 Railroad Avenue, Nevada City, CA,
Assessor's Parcel Number 005-490-015, do hereby
authorize

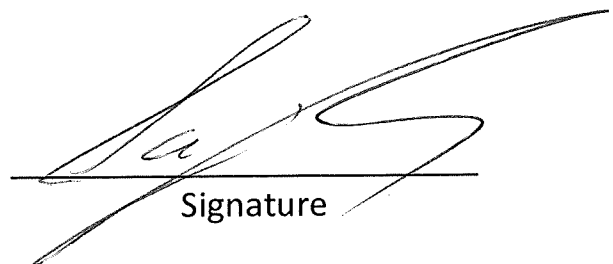

Nevada City Engineering, Inc.
505 Coyote Street, Suite B
, Nevada City, CA 95959

To act as my agent/representative for the County of Nevada work, which shall be
performed at the address above.

Description of the work to be performed:

Tentative map application for a division of one property into two parcels.

11/5/20

**CITY OF NEVADA CITY
PROJECT INFORMATION QUESTIONNAIRE**

The information provided in this questionnaire will be used for preparation of the project Initial Study (environmental review) and for overall project review. All questions must be answered completely with legible responses, typed or in black ink, providing more than a simple "yes", "no" or "NA" response. Attach separate written discussion pages where needed to provide a complete response.

1. Project Description:

- a. Describe the proposed project including any proposed phasing:

Proposed division of property into two parcels. One with a house, one vacant.

- b. Are any exceptions to required standards proposed or required for this project (a Variance)? *If yes, identify the nature of the proposed variance:*

None

- c. **Code Violations:** To your knowledge, are there any Code violations occurring on this property, including the issuance of a Warning Notice or a Citation for the subject property? yes no *If yes, describe:*

2. Land Use:

- a. Does this project have a relationship to a larger project or a series of projects?

yes no *If yes, describe:*

- b. Describe existing on-site land uses:

Home and garage

- c. Describe surrounding land uses, indicating distance to nearest residence:

Residential, industrial, lodging and business park. About 150' to nearest
residence.

- d. Describe project potential to change the character of the surrounding area, including the loss of open space.

No change in character

e. Will this project displace any residential units? ___ yes no *If yes, describe:*

f. Will this project result in a population increase in the immediate project area?

yes ___ no Explain:

One new lot

g. List any specialized plans or zoning restrictions applicable to this project site, e.g., an "HD" zoning, a Master Plan, a Specific Plan, an Area Plan?

None

3. **Geology/Soils:**

a. A Preliminary Grading Plan is attached. ___ yes no

b. A Soils/Geologic Report is attached. ___ yes no

c. Slopes that exist on site prior to grading:

Gentle (0-10%) 0.85 sq. ft/ acres 100 % of site

Rolling (10-30%) _____ sq. ft/_____ % of site

Steep (more than 30%) _____ sq. ft/_____ % of site

___ 30%> slopes are cross-hatched or highlighted on the site plan or tentative map

d. Does the project propose to encroach into slopes of 30% or greater?

If yes, is a Management Plan included in this application? ___ yes no

e. Is the site on filled land? ___ yes no *If yes, explain:*

f. Are there existing erosion problems or geologic hazards occurring on this site, such as landslides, mudslides, ground failures, earthquake faults or similar hazards? *If yes, describe:* None

g. Will a grading permit be required? ___ yes no

If yes, have you attached a preliminary grading plan? ___ yes ___ no

Describe proposed site grading:

How many cubic yards of soil will be imported, exported or moved on site?

None for parcel map

Maximum proposed depth and slope of any excavation and the type: N/A

Grading material sources or disposal sites: No import or export

Transport methods and haul routes: N/A

The location and height of any proposed or required retaining walls: _____

None proposed

4. **Water Quality:**

- a. Describe any water bodies on, or adjacent to, the property, including lakes, rivers, creeks, seasonal and/or perennial water courses, irrigation ditches or drainage swales.

Gold Run Creek - South of project

- b. Is there a floodplain on or within 100 feet of this project site? *If yes*, is it identified on the Federal Emergency Management Agency (FEMA) maps and have you included a copy of that map with this application? ___ yes no

- c. For development projects, describe impervious surfacing created by this project:

<u>Lot Coverage:</u>	<u>EXISTING</u>	<u>PROPOSED</u>
building coverage	_____ %	_____ %
surfaced areas N/A - Parcel Map	_____ %	_____ %
landscaped areas	_____ %	_____ %
permanent open space	_____ %	_____ %
(excluding <i>required</i> landscaping)	=====	=====
Total	100 %	100 %

- d. Describe any discharge to surface waters that will result from this project, including any wastewaters other than storm water runoff that may be present in the discharge:

Minimal new storm runoff

- e. Identify the water body or feature that receives runoff waters, describing proposed methods for treating and controlling runoff before it enters the drainage or watercourse.

Gold Run Creek - Control through residential site plan

- f. Will a permit be required from the California Regional Water Quality Control Board? ___ yes no *If application for a State permit has been made, provide the permit #:* _____.

- g. Are there any wetlands or riparian areas on this site? ___ yes no

If yes, describe: _____

Will wetlands be affected by the proposed project? ___ yes no

Will an Army Corps of Engineers wetlands permit be required? ___ yes no

If yes, is correspondence to or from the Army Corps attached? ___ yes _____ no

- h. Does this project propose to encroach into the required buffer from any perennial or seasonal waterbodies or riparian area? ___ yes no

If yes, is a Management Plan included in this application? ___ yes ___ no

5. **Air Quality:**

- a. Describe any air pollutants, i.e. dust, smoke, fumes or odors, which may be generated by this project both during and after construction (short and long term impacts).

Minor related to the construction and occupancy of a new residence and appurtenances.

- b. Is the project site mapped within an area known to contain naturally occurring asbestos? yes no Source of information: Department of Toxic Substances Control EnviroStor

6. **Transportation/Circulation:**

- a. A traffic study is included with this application. yes no

- b. Does this project require/include a Petition for Exceptions? yes no

- c. Describe the access roads serving this project:

<u>Road name</u>	<u>Right of Way width</u>	<u>Surfacing</u>	<u>Finish grade</u>
<u>Railroad Avenue</u>	<u>60'</u>	<u>Paved</u>	<u>+/- 2%</u>

- d. Is the access road serving the site a dead-end road? yes no *If yes, what is the distance to the nearest through road?*

- e. Who provides the road maintenance for each road accessing your project?

City of Nevada City

- f. Will this project result in substantial or cumulative impacts to the circulation system in this area? yes no Explain:

One new residence would result

- g. What road improvements are proposed? None

- h. Describe how this project provides for pedestrian needs:

Railroad Avenue is very light traffic and used by pedestrians and bicycles.

- i. Describe how this project will provide transportation alternatives including:

- 1) The estimated number of employees or residents that will work/live on the project site. 2-3 people

- 2) Identify existing and potential alternatives to individual automobile use, including but not limited to, access to public transportation services, bicycle racks, or provisions for developer-sponsored carpooling or bussing.

One half mile to store and bus stop.

- 3) Proposals to incorporate one or more measures into the project to ensure use of viable alternatives.

In-fill location

- 4) For projects employing 50 or more persons: describe feasible measures for reducing auto dependence.

N/A

7. **Biological Resources:**

- a. Is the required Biological Inventory attached? yes no
- c. Does the project involve encroachment into sensitive biological resources?
 yes no *If yes, is mitigation included in the Inventory?* yes no
- c. How many native oaks exist on the project site? 3
- d. How many oaks have trunk diameters of 36" or more, measured at breast height (4')?
None
- e. Number, size, type and location of trees that will require removal, including those for road and sewage disposal construction (as shown on site plan):
See tentative map
- f. Is a Tree Protection Plan for trees to be retained attached or addressed in your Biological Inventory? yes no
- g. Does this project have the potential to preclude the future use of any natural resource i.e., forests or water? yes no *If yes, explain:*
- h. Has this site been logged site in the last 10 years? yes no
- If yes, was a Timber Harvest Plan approved? yes no
- Is there an active Timber Harvest Plan on file? yes no
- If yes to either, a copy of the approved and/or proposed Plan(s) is attached.*

8. **Mineral Resources:**

- a. Is this site mapped as an MRZ-2, Significant Mineralized Area, by the State Dept. of Conservation? yes no

b. Does this project have the potential to deplete any non-renewable minerals?

___ yes no *If yes, explain:*

9. Risk of Upset/Health Hazards

a. Have you included the required Nevada County Hazardous Materials/Waste Statement with this application? yes ___ no

b. Do you have knowledge, or is there evidence, of any past, potentially hazardous materials use, including underground fuel storage tanks, dumpsites, or surface or subsurface mining activity? ___ yes no

If yes, a Phase I Assessment must be submitted with this application. Contact the County Department of Environmental Health for information regarding what research must be conducted for the specified past use.

c. Does this project propose the handling, storage or transportation of any potentially hazardous materials, toxic substances, flammables or explosives? ___ yes no

If yes, briefly describe the potentially hazardous materials:

d. Will the proposed project include the use of hazardous materials in quantities greater than 55 gallons, 200 cubic feet or 500 pounds? ___ yes no

If yes, have you attached a Hazardous Materials Inventory Statement with this application? ___yes ___no

e. Does this project propose, or will this project result in, the generation of hazardous waste as defined by the California Health & Safety Code, Chapter 6.5? ___yes no

f. Does this project propose fuel tanks, either above or below ground? *If yes, in what quantities?*

g. Is this project site within two air miles of an airport? ___ yes no

If yes, is the project site mapped with the boundaries of an airport Comprehensive Land Use Plan (CLUP)? ___yes ___no

10. Noise:

a. Is a Noise Study attached? ___ yes no

b. Describe any noise-sensitive land uses (homes, schools, hospitals, churches, libraries, nursing homes) within a half-mile of the project site.

- c. Describe any noise that will be generated by this project both during and after construction; identifying the noise source and the hours of operation for the noise generating use, including any outdoor activity areas, i.e., storage yards, outdoor music, playgrounds, animals pens.

Short term future construction, then residential use noises.

11. Public Services:

- a. List agencies providing the following public services to your project site:

Fire Protection: City of Nevada City

Domestic water: City of Nevada City

Sewage disposal: City of Nevada City

Road maintenance: City of Nevada City

Other special districts: None

- b. If public sewer is proposed, how many EDUs are allocated to this site? City does not allocate
- c. How many EDU's are required for the proposed use? 1 to 1.7
- d. Is trash and recycling service available to serve the project site? yes no
- e. As a result of this project will there be significant amounts of solid waste generated, including stumps or inert matter? yes no *If yes, describe how the solid waste will be handled/removed:*

- f. Within what Fire Severity zone is the project site mapped (Moderate, High or Very High) on the CalFire Fire Severity Hazard maps? In City

- g. Will this project result in the need for additional public services including fire, police, water, sewage disposal or recreation, including annexation to a special district?
 yes no *If yes, describe:*

12. Utilities & Services Systems:

- a. List the public utilities that are available to serve the project site and the entities that provides service:

Telephone: AT&T

Electricity: PG&E

Gas (propane or natural gas) Propane

High speed internet service: Comcast

- b. Will this project require the extension of service for any energy source?
 yes no *If yes, describe:*

- c. Will this project require the recording of a new utility easement?
 ___ yes no *If yes, the proposed easement must be shown on the site plan.*
- d. Describe how this project maximizes energy efficiency, i.e., utilizes alternative energy sources, pursuant to General Plan policies EC-8.6.1, EC-8.6.4 & 14.2:

- e. What type of sewage disposal system is proposed for this project (public sewer, individual septic systems, community system, centralized system)?

 Public

13. Aesthetics:

- a. Will there be a change to any highly visible ridgelines or any scenic viewsheds?
 ___ yes no
If yes, is a Management Plan included in this application? ___ yes ___ no
- b. Is this project visible from a scenic highway, a large population center, or a public recreation area? ___ yes no *If yes, describe:*

- c. Does this project propose any outdoor storage, activity or use (other than parking)?
 ___ yes no *If yes, describe the use:*

- d. Does this project propose new fencing? ___ yes no *If yes, describe fence type, height, materials and colors:*

- e. Will this project require the installation of new overhead utility lines, visible from public roadways or adjacent properties? ___ yes no *If yes, describe:*

- f. Is any new exterior lighting proposed? ___ yes no
If yes:
 Is the location of all exterior lighting shown on the site plan? ___ yes no

Is a comprehensive Lighting Plan included in this application, which describes existing and proposed lighting, the number and type of light fixtures, i.e., compact-fluorescent, metal-halide, incandescent; the location (wall-mounted, pole); and type of shielding to prevent off-site light spill? ___ yes ___ no

14. Agriculture:

- a. Is this project site mapped on the State Dept. of Conservation Important Farmlands Map, as Prime, Unique or a Farmland of Statewide or Local Importance?
 yes no If yes, is a Management Plan for encroachment into important agricultural lands included with this project? yes no
- b. Is this project site, or an adjacent site, contracted for an Agricultural Preserve (Williamson Act), yes no
- c. Is there a Conservation Easement recorded for the project site, or an adjacent site?
 yes no
- d. Is there an agricultural use established on or adjacent to this parcel?
 yes no If yes, describe the use:

- e. Is the project site irrigated? yes no
If yes, what is the water source (well, treated, raw water, or?):
Public _____
- f. Has the site ever been evaluated under the LESA (Land Evaluation & Site Assessment) system? yes no
 If yes, a copy of the evaluation is attached.
- g. Will this project prohibit or decrease agricultural production, on or off-site?
 yes no If yes, describe:

15. Cultural Resources:

- a. A letter from the North Central Information Center is attached, recommending whether an on-site Cultural Resources Inventory be conducted.
- b. An Inventory was conducted and is attached.
- c. An Inventory is not attached because:
 The North Central Information Center determined that an inventory is not required due to project size or sensitivity level (see letter).
 An on-site inventory was conducted for a previous project and is on file with the Planning Department, County File No#: _____.

16. Recreation:

- a. Describe any public recreational facilities existing or proposed on the project site, including trails. Describe any known historic, public use of this site.
None - Railroad Avenue is used for walking, jogging and biking

Development project information (not applicable to Tentative Maps)

17. **Proposed use:**

- a. Proposed use/occupancy type: _____
- b. Building type & hazard classification: _____
- c. Days & hours of operation: _____
- d. Total number of employees: _____
- e. Describe any outdoor activity proposed, including area square footage:

- f. Number of parking spaces, pursuant to Sec. L-II 4.2.9.f. of Zoning Regulations:

	<u>Required</u>	<u>Proposed</u>
Regular stalls:	_____	_____
Compact stalls:	_____	_____
Wheelchair accessible:	_____	_____
TOTAL:	_____	_____

- g. Are loading bays or drop off areas proposed or required? _____

18. **Building Characteristics of each proposed building:**

- a. Building size in square feet (existing and proposed):
1st floor _____ 3rd floor _____
2nd floor _____ 4th floor _____
- b. If assembly area without fixed seats, state UBC and/or designed occupancy: _____
- c. Building height, measured from average finished grade to highest point _____
- d. Proposed exterior building:

	<u>Materials</u>	<u>Colors</u>
Roofing:	_____	_____
Siding:	_____	_____
Trim:	_____	_____
Windows:	_____	_____

- e. Describe proposed architectural features or details (roof overhangs, offsets, wainscoting, etc) incorporated to comply with applicable County Design Guidelines:

19. **Building Permits:** List any building or grading permits related to this project that have been applied for and/or issued.

20. **Signage:**

- A Comprehensive Sign Plan been submitted that identifies:
- a. Number of signs
 - b. Total sign square footage
 - c. Sign style (wall sign, monument, free-standing)
 - d. Sign lighting
 - e. Sign placement/location
 - f. Design, e.g., colors, materials, lettering style

21. **Residential Projects**

- a. Number of dwelling units:
Single-family 1 new potential with accessory unit
Multiple-family _____
- b. If multiple family or condominium project, number of dwelling units with:
One Bedroom _____ Two Bedrooms _____
Three Bedrooms _____ Four or More Bedrooms _____
- c. Does this project include a conversion of residential real property to a condominium project? yes no

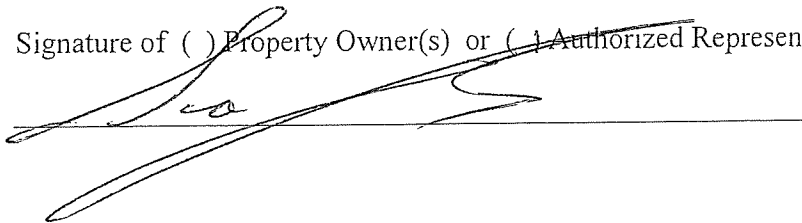

If yes, have you provided tenant notice pursuant to Sec. 66427.4 of the Subdivision Map Act, and attached a report on the impact to tenants are required by Sec. 66427.4?
 yes no

If yes, you must provide verification of such notice.
Is that documentation attached? yes no

.....

I understand that failure to provide a complete and accurate response to all questions on this form may deem this application incomplete and may result in project processing delays.

NEVADA CITY
HAZARDOUS MATERIALS / WASTE STATEMENT

APN: 005-490-015

Property Owner: Scott Rice

Hazardous sites: General Plan policy requires the County pursue the cleanup of sites contaminated by mine waste or other hazardous materials prior to approving land use projects. Where hazardous waste or hazardous materials may occur on a project site, a Phase I site assessment may be required prior to processing or approving your project. Respond to the following questions and provide the requested information:

1. Is there evidence of any past, potentially hazardous use on or near the project site, including underground fuel storage tanks, dumpsites, artillery ranges, surface or subsurface mining activity?

Yes Provide a Memo from the County Dept. of Environmental Health that adequate information is on file to accept the project for processing.

No List the research and/or source of information justifying your response.

Department of Toxic Substances Control EnviroStor

Hazardous use. It is the applicant's responsibility to understand the definition of "hazardous material" and "hazardous waste," as defined in the California Health & Safety Code, Chapter 6.5. The storage of hazardous materials and the generation of hazardous waste are regulated under federal, state and county codes. The storage of hazardous materials in quantities equal to or greater than, a total weight of 500 pounds, or a total volume of 55 gallons, or 200 cubic feet at standard temperature and pressure for compressed gas; or the generating of hazardous wastes in any quantity, requires a permit from the Nevada County Department of Environmental Health.

2. Will hazardous materials be used, or will hazardous waste be generated from the facility resulting from this project? Check the appropriate response and provide the listed information.

Yes A Hazardous Materials Inventory Statement (HMIS), obtained from the Department of Environmental Health, must be filed with this project application.

No Explain why no hazardous materials are used for the proposed use or business:

This application is for a land division - No hazardous materials will be used.
